Warranty Terms

1. General Terms

- All solar plant equipment is warranted against defects in material and workmanship.
- The warranty period commences from the date of successful commissioning.
- Any claim must be made in writing with supporting documentation and photos.

2. Government Subsidy (PM Surya Ghar)

- Subsidy of Rs. 78,000 is applicable for residential connections up to 10 kW.
- The subsidy is credited directly by the government to the beneficiary's bank account.
- Global Solar 2.0 will assist in subsidy application but is not liable for any delay by the government agency.
- Commercial properties are not eligible for this subsidy.

3. Structure Terms

- Hot-dip galvanized MS structure is warranted against corrosion for 5 years.
- Fabrication and erection work is warranted for 1 year against defects.

4. Solar Panel (PV Module) Performance Warranty

- Product workmanship warranty: 12 years.
- Performance warranty: 80% output guaranteed for 25 years, 90% for 10 years.
- Linear power output warranty: 0.55% degradation per year.

5. Inverter Manufacturing Defect Warranty

- String inverter: 5 + 5 years warranty (extendable up to 10 years).
- Workmanship defects covered for 2 years from commissioning.

6. Balance of System (BOS)

- MC4 connectors, cables, and DC/AC box: 5 years.
- Chemical earthing: 5 years.
- Lightning arrester: 2 years.

Warranty Terms

7. Operation & Maintenance

- Free comprehensive O&M for the first year after commissioning.
- AMC packages available from year 2 onwards at an additional cost.
- 24x7 customer care: +91-8488807797

8. Warranty Notes

- Warranty is non-transferable but benefits the property owner.
- Force majeure events (lightning, floods) are not covered under standard warranty.
- Any unauthorised modification voids the warranty immediately.

9. Schedule for Site Completion

- Material dispatch: within 3 working days of advance payment.
- Site survey & installation: within 7 working days of material arrival.
- Commissioning & net-meter application: within 15 working days of installation.

10. Quotation Validity

- This quotation is valid for 15 days from the date of issue.
- Prices are subject to revision if the quotation validity period is exceeded.

11. Warranty Exclusions

- Damage caused by natural calamities, negligence, or misuse.
- Performance degradation due to dust, bird droppings, or lack of cleaning.
- Any tampering with equipment or wiring by unauthorised persons.
- Normal wear and tear of consumable items (fuses, connectors).

12. Scope of Work For Customer

- Provide safe and clear access to the rooftop on the scheduled date.
- Arrange 2-4 competent helpers for installation assistance (lifting panels).
- Share a recent electricity bill and property ownership documents.
- Coordinate with the local discom (MSED/PGVCL) for net-metering paperwork if required.
